

PUMA-ESTANCIA

Immerse Yourself in a Unique Experience

PUMA-ESTANCIA

PUMA-ESTANCIA PROGRAM

Immerse yourself in a unique experience that combines regenerative ranching, cultural tourism, and responsible puma watching in Patagonia.

This program begins with a **puma-tracking adventure in Torres del Paine National Park**—one of the best places in the world to observe this **majestic feline in its natural habitat**.

Guided by expert trackers, we'll explore authorized areas of the park, learning techniques for **identifying and following pumas**, while also enjoying sightings of other species like **guanacos, foxes, and condors**. **This activity is carried out with the utmost respect for the ecosystem, ensuring minimal disturbance to the park's biodiversity.**

During the estancia experience, visitors have the opportunity to take part in daily activities such as **rotational grazing, while also sharing knowledge with local horsemen (arrieros).**

This combination of activities allows our guests to **connect deeply with nature, understand the value of sustainable agricultural practices, and enjoy an authentic cultural immersion in one of the most stunning settings on the planet.**

Activity Type:
Puma Watching

Activity Type:
Estancia Experience

Difficulty:
Medium

Duration:
2 days puma tracking,
+
1 day estancia experience

ITINERARY

DAY 1

- Arrival in Puerto Natales, transfer from Airport to accommodation.
- Welcome cocktail and briefing.

DAY 2

- Pick up from accommodation to Torres del Paine Park, before sunrise.
- We begin the search in the Park, which is mainly done by vehicle and with short walks on established and public trails. The excursion does not have a fixed itinerary as our guides determine the places to visit based on the animal's behavior. At midday we have a break of approximately 4 hours during which we will take you to the Torres Welcome Center so you can rest and eat. In the afternoon we pick you up to continue the search; as we move in search of the felines you can enjoy landscapes and different species of birds and mammals present in the area.
- Return to Puerto Natales, dinner and accommodation in a hostel or hotel.

DAY 3

- Pick up from accommodation to Torres del Paine Park, before sunrise.
- On this new day we resume the search, with the excitement of the unpredictable. We do not follow a fixed path; our wildlife tracking experts adapt the route according to the puma's signs, so each outing is a new opportunity. We will take our midday break so you can rest and eat at the Torres Welcome Center, and then resume the experience, taking advantage of the last moments to get the perfect photograph.
- Return to Puerto Natales, dinner and accommodation in a hostel or hotel.

DAY 4

- Transfer from accommodation to Puerto Bories, navigation to the Estancia experience location.
- Upon arrival at the Estancia, you will have a Welcome Reception, followed by a 2-hour horseback ride around the Estancia, concluding with a traditional Lamb on a Spit lunch. During the afternoon, there will be a sheepdog work demonstration and you will learn about the shearing process. At 4:30 PM, return to Puerto Natales, transfer to accommodation and dinner.

DAY 5

- Transfer from accommodation to the Airport.
- End of services.

RECOMMENDATIONS

When to Visit?

Torres del Paine National Park is accessible year-round, although the recommended season is between October and April, which coincides with spring and summer in the Southern Hemisphere. During these months, days are longer, temperatures average around 15°C / 59°F, and rainfall is less frequent.

What Should You Bring?

Camera, charger, and adapter

Sunglasses with UV protection

SPF 50 sunscreen

Convertible trekking pants

Fleece or lightweight windbreaker

Hat or cap

Comfortable trekking shoes

Waterproof jacket

Thermal base layer

Insect repellent

Gloves

Useful Information

\$ Currency

Chilean pesos, US dollars, and credit cards (Visa, Mastercard, American Express) are accepted. There are no ATMs or currency exchange offices in the park. Prices include VAT (19%).

Electricity

220V / 50Hz. Bring an adapter.

Travel Insurance

It is recommended to have insurance that includes medical assistance and COVID-19 coverage.

Photography and Wildlife

Keep your camera ready to capture wildlife, dramatic cloud formations, and the park's unique landscapes.
